OBJECTIVE

Computer Science undergraduate at KIIT with hands-on AI/ML experience via IBM SkillsBuild x Edunet Foundation Virtual Internship. Proficient in DSA, skilled in MERN Stack, and Python-based Machine Learning. Eager to contribute to impactful software or data projects.

EDUCATION

Kalinga Institute of Industrial Technology (KIIT), CGPA: 9.25 Bachelor of Technology (B.Tech), Computer Science Engineering	Bhubaneswar Jul 2023 – Jun 2027
Border Security Force (BSF) School, GPA: 92% Senior Secondary (XII): CBSE	Shillong Aug 2021 – Jan 2023
St. Edmunds School, CGPA: 93% Secondary (X): ICSE	Shillong Feb 2010 – Feb 2021

EXPERIENCE

AI/ML Virtual Intern: [Certificate] IBM SkillsBuild in collaboration with Edunet Foundation	Jun 2025 - Jul 2025 Remote, IN
- Completed a virtual AI/ML internship via IBM SkillsBuild and Edunet Foundation, gaining hands-on experience in Python, supervised learning, data preprocessing, and model evaluation. Strengthened analytical and problem-solving skills through structured guided tasks. - Worked on real-world machine learning projects involving data preprocessing, model building, and performance tuning using Python and Scikit-learn.	

PROJECTS

Vridhhi (Agriculture Assistant): [Github]	Sep 2025 – Oct 2025
Developed a full-stack agriculture assistant website for farmers. CNN based model that detects critical plant based diseases using Computer Vision to upload leaf images. Also integrated Chatbot features. Built in MERN stack, with Machine Learning, CV and CNN.	
Employee Salary Prediction: [Github]	Jun 2025 - Jul 2025
Built a machine learning model to predict employee salaries using real-world demographic and employment data. Applied data pre-processing, label encoding and exploratory data analysis, followed by model training and evaluation using Python, Pandas and Matplotlib.	

SKILLS

Languages and Tools: Java, Python, JavaScript, CSS, Oracle DB, MongoDB, MySQL, PowerBI, Git, GitHub
AI/ML: Supervised Learning, Deep Learning, Neural Networks, Model Evaluation, Data Preprocessing
Frameworks: React, Node.js, Express.js, Tailwind
CS Fundamentals: DSA, OOPS, OS, DBMS, CN

EXTRA-CURRICULAR ACTIVITIES

- Made it to the top **10%** of **MumbaiHacks**, one of the largest Agentic AI hackathons in India.
- Involved in "Empowering Automation for Everyone – Season 2" program by **UiPath Student Community KIIT**, under the **Department of Training and Placement**. Completed hands-on training in **RPA** and **UiPath Studio** via **real-world projects**
